Transform your smile with quick and easy application
For 3 shades whiter teeth while you sleep*

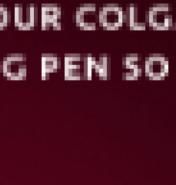

ACTIVE OXYGEN WHITENING SERUM

FORMS A SMUDGE-PROOF, CONCENTRATED LAYER TO GENTLY AND EFFECTIVELY WHITEN TEETH

Enjoy quick, easy and no mess precision application of the serum with the Colgate Optic White O2 Teeth Whitening Pen.

Within seconds, the 0.1% Hydrogen Peroxide as whitening active ingredient forms a smudge-proof, concentrated layer of active oxygen which absorbs into teeth, starting the whitening process. Wake up with a smile that you will love to stare at.

WHY IS OUR COLGATE TEETH WHITENING PEN SO EFFECTIVE?

0.1% HYDROGEN PEROXIDE

as whitening active ingredient

ALCOHOL

evaporates upon application, boosting the concentration of HP and whitening efficacy

POLYMER

helps the HP stick to teeth, forming a durable layer all night long

ACTIVE OXYGEN WHITENING WHILE YOU SLEEP*

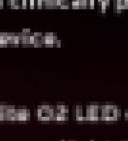

The Teeth Whitening Device is a clinically proven and patented LED device.

Unlike others, Colgate Optic White O2 LED device uses Indigo LED light, a higher energy light (shorter wavelength vs Blue light) that enhances the power of the hydrogen peroxide whitening serum to easily remove deep stains using technology that professionals use.

Enamel Safe

3 shades whiter in 2 weeks*

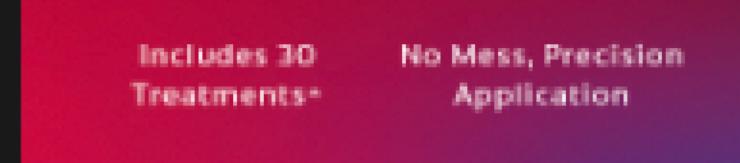

Includes 30 Treatments*

No Mess, Precision Application

Refill with our Optic White Teeth Whitening Treatment Pen

*3 shades whiter in 2 weeks, based on a clinical study with twice daily application, as breathing zone. Individual results may vary.

OUR NEXT-LEVEL BEAUTY ROUTINE FOR YOUR SMILE

Start with our ultimate active oxygen whitening routine for a radiantly white, bright smile in just 2 steps:
